

Gifts

A gift to the Public Library Westland can provide individuals, families, organizations and businesses the unique opportunity to honor a loved one, bring recognition to a specific entity, or remember someone with a memorial.

Giving opportunities can also be designed to meet the specific needs of the donor and will be recognized in both Library and community publications.

Your contribution combined with other generous donors will make it possible for the Library to continue its mission by providing avenues for education and recreation, enhancing the Library's offerings and services, and enriching our community and lives.
